

## DESIGN & PROOFING

All orders at Spark begin by completing our order form so we have something to review and create a proof from. We cannot begin work on an order without a complete form. We also request that all wording be submitted by email to ensure accuracy.

Spark aims to issue a first proof within 2-3 business days of receipt of an order form (excluding weekends and holidays). The design process can take a few days to a few weeks depending on how involved your changes and design requests are. All couture orders with original artwork will likely take longer than 3 business days and will be discussed with the retailer/client on a case-by-case basis.

We permit an exchange of three PDF proofs with each order. If additional proofs are required after the third and final proof, a fee of \$30 per additional proof will be added to your invoice.

We require signature approval before we move any order into our production schedule. Please provide a signature approval on each page of the PDF proof and fax to Spark at 866.617.8904. If this is not possible, we will accept written approval by email.

Note: Please proofread all of your text and dates carefully. While we do everything we can to catch and correct errors, ultimately your signature and/or approval is a binding agreement between you and Spark to proceed with production on your order as shown in our PDF proof.

---

### ADDITIONAL PROOFS

\$30 retail per additional proof beyond three.

You will be charged for proofs past three, so please expect to see this added to your invoice.

---

### CUSTOM INK COLOR

\$50 retail per custom mixed ink color

We offer 60 standard ink colors to choose from. We can custom-mix ink to match most colors. Colors may be selected by specifying a PMS or by mailing us a fabric or paper swatch. Due to the nature of hand-mixing ink one job at a time, color matching cannot be absolutely guaranteed. Please know that every effort is made to achieve a consistent and matching color.

---

### SECOND, THIRD AND FOURTH INK COLORS

\$50 retail per extra color, but see below

Our pricing is more competitive because it is based on using the same color across a one color set, or the same two colors on a two color set. Here are examples to help you understand when we would charge for additional colors.

- If your client wants a one color note card and envelope set, but they want fuchsia on their notecard and orange on their envelope, we will add \$50 to the order to cover the added setup of a second color.
- Pocketfolds can always be run in whatever paper color and ink color your client wants only because our pocketfolds are run on a separate and larger press from the rest of the pieces for their order.
- Exceptions might be made for a large wedding suite where there are multiple pieces.

---

### COUTURE DESIGN TIME

Design time is typically included with our orders as long as you are using Spark artwork from our design book and custom albums. Contact us if you wish to supply custom artwork, we may be able to use the artwork as long as it is suitable for letterpress printing.

We charge design time (\$80 retail per design hour) for truly couture artwork requests. This is artwork not featured in our custom stationery albums or design books. Contact us to discuss your project and we can assess how much design time will be needed.

---

### RUSH FEE

**Rush orders are accepted if our schedule allows. Rush orders MUST be arranged when placing the order. We cannot guarantee converting a standard order to a rush order after the order is placed. A 20% rush fee will be applied to the order and is payable in its entirety to Spark as we are incurring the burden of the rushed timing. Rush orders typically ship within 10 business days from proof approval for standard orders.**

# details

---

## PRICING

Please call or email if you need assistance with quoting a job. We are happy to help you calculate costs. While we made every effort to cover as many pricing situations as possible, there are always scenarios that are not in there.

## PRINTING

All orders are shipped within 15 business days from time of proof approvals received by noon (excluding weekends and holidays). Timing is affected by the complexity of the order and the availability of materials. Orders with large quantities or extensive finishing work may take longer to complete, so please contact Spark with any inquiries.

## SHIPPING

Shipping costs are covered in full by our customers. Spark ships all orders via UPS Ground Service, unless expedited shipping is requested. We ship to the United States and Canada, international shipping is available. Most orders shipped within the United States will cost anywhere from \$7.00 - \$25.00 for standard shipping. Feel free to contact us for a shipping estimate at any time during the process.

### SPLIT SHIPMENTS/DROP SHIPPING

---

#### *Directly to Client or another address*

\$10 wholesale per added shipment plus shipping costs

### ENVELOPES AHEAD

---

Envelopes may be shipped ahead of the order placed. There are two ways that we handle envelopes ahead.

#### *Without doing a separate print run.*

We will try to ship the envelopes 1-3 business days ahead of the expected ship date for the order as our schedule allows. **Cost is \$10 wholesale for splitting the shipment + shipping costs.**

#### *Requires a separate print run.*

The envelopes are now considered a separate order and will ship 10 business days from proof approval. **Cost is \$100 wholesale + shipping costs.**

## SAMPLES

\$15 wholesale for each Spark Letterpress Love sample set plus shipping costs. \$30 wholesale for each Spark Impress sample set plus shipping costs. This will be added to your client's invoice or if for a non-client, we will invoice separately.

## ORDER CANCELLATION

To cancel an order, Spark must receive your request in writing via email to [spark@letterpresslove.com](mailto:spark@letterpresslove.com). We also suggest you call to confirm your cancellation request was received. Any requests received after work has begun on an order will be examined on a case-by-case basis to determine what fees will need to be covered.

We have a \$50.00 wholesale cancellation fee plus charges to cover an materials and labor including proofs, film, plates, paper, press time, finishing, etc. Spark offers no guarantee that your order will be able to be cancelled after it has been approved to print, as your order may have already gone into production.

## MORE DESIGN SPECIFICS

### PHOTOS

---

Most high quality photos can be converted to be suitable for letterpress photos. Photo conversion is \$40 to \$80 retail per photo depending on the amount of work involved. Please email us the photo as early in the process as possible to ensure we can work with it.

### ARTWORK

---

We have a wide range of artwork for you to choose from, more than what is shown in our albums. If there is particular artwork you wish to use on your custom stationery, let us know. It is very easy to change a design with peonies to orchids instead, for example. We will provide you with one or two design choices in the first proof.

### MONOGRAMS

---

Monograms can be any configuration of your initials. For example if you like one of the monogram designs that only shows a single capital initial, but really had wanted the first two letters of your first names for a monogram, we will adjust the design accordingly to accommodate your request. We can use any typeface to create your

monogram, although some will look better than others. We are happy to work up two configurations if you are having a hard time making a decision. Monograms may also include your wedding date and/or any of our graphics. Custom monograms start at \$80/hour retail, contact us to determine if this fee would apply to your project.

## CUSTOM ILLUSTRATED MAPS

---

If you would like something more detailed for your guests than a directions card, we offer custom-illustrated maps starting at \$80/hour retail, and typically average 2-4 design hours. This fee is in addition to the printing cost. All maps require extra time to produce, but we will work with you to ensure your timing is met. Please discuss your map needs with us so we can quote you accurately.

## FONTS/TYEFACES

---

You may select from any of our fonts for your design, this is included in the price.

## DIE CUTS

---

Spark is proud to offer die cuts (custom cut shapes) for our invite panels, menus and business cards. Separate pricing for our die cut pieces is shown in our pricing structure. If you wish to order a custom die cut shape (not shown in our albums), a fee is charged to purchase the new die.

## ENVELOPES

---

We offer envelopes in bright white, soft white, and cream in the following sizes: A9, A9 Inner & Outer, A7, Monarch, A2, 4Bar and #10. Inner and outer envelopes are only offered in A9 size. \*Note: additional envelope options are available to Spark Impress dealers. Our envelopes are custom made, allowing us to offer more complicated envelopes with printing on flap and face with bleeds.

Colored envelopes are available in some sizes and are a custom order. Please contact us for a quote.

You may supply envelopes to us for use with your client's order. It will not affect the price because it requires a different setup. Please supply at least 25 extra envelopes or more for a larger order.

## PAPERS

---

Our house stock is a 100% reclaimed cotton paper available in bright white, soft white and cream. This paper comes in both 1-ply (300 gsm) and 2-ply (600 gsm) weights and is luxuriously soft with an ever so slight texture. The 1-ply weight is perfect for most orders. We offer a bamboo option in soft white in a 1-ply (300 gsm) weight. \*Note: additional paper choices are available to Spark Impress dealers.

We also offer a variety of colored papers, including chipboard, which contain recycled content and/or come from environmentally responsible paper mills right here in the USA.

If you would like to order a paper that is not shown in our albums, it will be an additional cost of approximately 15% added to the retail cost.

You may supply paper to us for use with your client's order. Please contact us to determine how many sheets and what size you should send.

## COPYRIGHT INFORMATION

---

All artwork and designs created by Spark is property of Spark. We reserve the right to utilize our artwork and designs for print and online publication. We also send design samples to our preferred retailers, so that they can continually offer in-store clients the latest design ideas and trends.

## COPYING ARTWORK/INSPIRATION ARTWORK

---

Please keep in mind that we cannot create an exact replica of the artwork you sent in, however we can use it as inspiration to create art that is similar. We respect other artist's artwork and want others to respect Spark, and that means being cautious of any potential copyright violations. If your client is looking for something to look exactly as you have supplied to us, please clear our policy with your client prior to beginning work with us on this order.

## RETAILER SPLIT

---

All pieces are a 50/50 split unless they are noted with a ♥. Those items are a 60/40 split with 60% of the price going to Spark.

# 4-piece set pricing by design

Each suite is priced as shown in the album. Numbers in parentheses denote number of ink colors used on that piece.  
Pricing does not include envelope liners. Most sets can be modified to be less or more expensive.

# pocketfolds, luxury mailers & accessory sleeves

Our pocketfolds, luxury mailers and accessory sleeves are custom made with our standard 1ply papers for each order and assembled by hand. Printing can be done anywhere on the outside of the pocketfold (as well as on the pocket), mailer or sleeve and is only done in LETTERPRESS. Because these pieces are printed on a separate press from the rest of your order, the ink color does not need to match the one(s) chosen for the rest of your set. We do not sell our these pieces separately, however an exception might be made, so please discuss with your retailer.

## ESTIMATING A CUSTOM LASER WRAP

Please note that all custom laser wraps must be quoted as pricing is determined by the size and intricacy of the piece.

Pricing above is a ballpark estimate, so please keep this in mind when building your quote.

Most laser wraps start at \$5.00 - \$7.50 piece retail for 100 qty. Price breaks seen for higher quantities.

# one color FOIL : 1-ply

pricing for FOIL STAMPING on our standard 1-ply, including Cotton, Arturo, Colored, Metallic, Bamboo and Recycled stocks

\*NEW FOIL PLATE FEES ♥ are based on final design and may affect the costs listed below. Pricing listed covers the cost of standard foil plates, as shown in the Impress designs. Should you want a foil design with heavy or intricate coverage, please contact us for a quote. A new plate fee is NOT charged if you are purchasing the design as shown.
